Giving back to the community club's aim

THE Wagga RSL Club and the Commercial Club Wagga believes in achieving success in a way that honours our society's values.

Our aim is to work together with the community to achieve worthwhile benefits for those who need it most.

Enormous emphasis is placed on the spirit of social responsibility, giving back to the very community that has helped make us the success that we are today.

More than \$435,000 was donated to either sporting, community activities, counselling services, aged, disability or youth services, education, club facilities and in-kind donations over the last 12 months.

A large proportion of this amount has been donated through Club Grants, totaling \$386,285.

The Club Grants scheme is designed to ensure that larger registered clubs in NSW contribute to the provision of front-line services and projects within their local communities.

A new lease of life for Commercial Club after RSL Club amalgamation

THE Commercial Club Wagga has been transformed into a modern and inviting venue attracting a diverse range of clientele.

The Wagga RSL Club gave the Commercial Club Wagga a lifeline in August 2009 by proceeding with amalgamation.

Since then extensive renovations have provided the CBD with an exciting and impressive venue to visit.

Substantial investment has been injected into improving the facilities and services on offer to members and their guests.

The latest of the renovations has been the construction of the deck which overlooks gorgeous Gurwood Street.

This picturesque setting provides a fresh new look for

the club and a beautiful location for members and guests to socialise with friends, family and business colleagues.

Manager, Christine Williams, has some great ideas and we

are very thankful to have her part or our team.

Christine and her colleagues are dedicated to ensuring you have an enjoyable time no matter what the occasion.
