Creativity, versatility and integrity

Creative Business Furniture partners brothers John and Peter Wood have been manufacturing commercial furniture and providing joinery services throughout the Riverina for the past 26 years.

CREATIVE Business Furniture and Joinery have been successfully operating from their Wagga headquarters for the past 26 years.

The venture is a partnership of brothers John and Peter Wood, who are well known around Wagga through their participation in numerous community activities.

They can design and manufacture everything from commercial boardrooms and corporate fit outs, to farm and home offices, home renovations and even design and fit kitchens.

They also offer an extensive range of diverse and effective storage solutions.

Creative Business Furniture and Joinery's onsite factory is

conveniently located in Wagga, which allows them to service the surrounding regional areas and Sydney and Melbourne with their modern manufacturing tools and equipment backed up by their fleet of delivery and installation vehicles.

They are a one stop business being able to offer the best furniture and custom fittings

Creative Business Furniture and Joinery are able to manufacture and supply all your household fixtures, including kitchens, laundries and built-ins.

They also can also supply a host of first class custom built projects to perfectly meet your specific business requirements with fast turn around from plan to completion.

"Whether you're setting up a new office or renovating your existing premises, we can help you re-arrange and refine your layout to maximise the efficiency and usefulness of your office," Peter said.

John and Peter strive to give customers the best value for their money with competitive pricing.

Office furniture and equipment on display in Creative Business Furniture and Joinery's showroom includes:

- Workstations;
- Chairs;
- Tables;
- Whiteboards;
- Pin Boards;
- Storage Solutions; and
- Display Cabinets.

■ Phone Creative Business Furniture and Joinery 6931 3509 or Peter or John Wood on their mobiles 0412 267 491, 0428 244 393.

Exclusive Riverina stockists of Sebel Furniture

CREATIVE Business Furniture and Joinery have been selected as exclusive authorised dealer for the quality range of Sebel Furniture.

Their leading range of desks and chairs are manufactured right here in Australia.

Sebel has long standing government contracts and is the preferred supplier and panel member in several Australian and New Zealand regions, as well as internationally.

Sebel supplies school furniture to NSW Department of Education under SCCB Contract No. 1006.

Sebel Furniture specialises across all segments in

education including:
 ■ Kindergarten;
 ■ Primary Schools;
 ■ Secondary schools;
 ■ Colleges and TAFE's; and
 ■ Universities.

Sebel has also specialised in Hospitality and Gaming furniture for several decades, furnishing some of the biggest name venues in Australia and New Zealand.

Throughout that time they have gained a unique knowledge of each industry's requirements and trends and they constantly evaluate and refine their product sets accordingly.

The Sebel story began in 1951 with

the production of Mobo toys and a new furniture range based around the innovative Stak-a-Bye chair.

In the late 1960s the decision was made to drop the toy side of the business and concentrate entirely on the furniture range which had taken the market by storm.

Sebel went on to introduce many innovations, from being the first to replace wooden chairs at schools with Polypropylene, to classic ergonomic designs which many decades later are still as popular as ever.

Since then, and still behind each Sebel product today, is a genuine manufacturing culture

which is focused on making products that have the latest ergonomics (Form), work at a practical level (Function) and are built to last (Quality).

Sebel has aligned their new 'Moove' range with the rising tide of office posture specialists throughout Europe and America, who agree that flexibility and fluidity are now the keys to healthy long term sitting.

When you buy Sebel, you are investing in your customers, students or staff, ensuring they will benefit through features that have been designed and refined over many decades.
