CHILDREN'S Week is an annual event celebrated in Australia during the fourth week in October. In 1996 it was decided to adopt a permanent theme: "A Caring World Shares" as a reflection of the week's aims while at the same time acknowledging the designated year on national posters and other printed materials. A diverse range of events focus the attention of the wider community on children, their needs and achievements. Children's Week celebrates the right of children to enjoy childhood.
