The Healthy Pool People

Opposite Masters on
Hammond Ave, Wagga

Under new local management

The PoolWerx Wagga Team: Area Manager Brent McDonald, New Franchisee and Senior Pool Technician Graham Cheney, New Franchisee Joy Horne, back row: Pool Technician Bec Chew, Retail Manager Janine Hamson, Sales Assistants Chloe Antone and Brody Hamson.

AFTER working as a Senior Pool Technician for five months, Graham Cheney and his partner Joy Horne have taken over PoolWerx Wagga.

The Wagga locals have set their sights on maintaining quality service of the pool and spa care business and are now looking at new ways to boost customer service in the Riverina area.

Conveniently located on Hammond Avenue (across from Masters), local residents can easily access the latest in pool care technology and receive expert advice on equipment and supplies.

PoolWerx Wagga also has two mobile vans to offer onsite pool and spa services including regular poolside maintenance and specialised treatment to surrounding areas including Gundagai, The Rock and Coolamon.

"As a regional hub we see there is a great opportunity to service clients not only in the immediate area but also

outlying areas," Graham said.

"Pool owners in these areas are often not getting the specialised treatment and service they desire due to geography and it's important they seek a professional check-up frequently to avoid the costly exercise of cleaning a pool that hasn't been looked after."

Graham said he jumped at the opportunity to take over PoolWerx Wagga with his partner Joy Horne after working in the business since August and having years of prior experience managing the pools of Wagga's RAAF and Kapooka Military Bases.

"The chance came up to take over the business and as locals Joy and I thought it would be the perfect opportunity to join the local business community.

"Joy works in Real Estate and knows the importance of home owners and tenants meeting their duty of care and we're looking forward to ensuring locals have safe and

well maintained pools," he said.

PoolWerx Wagga offers an extensive selection of pool and spa products ranging from equipment that significantly reduces pool running costs through to water testing, chemicals and toys.

Equipment and maintenance services are offered to private residences as well as corporate and commercial clients.

PoolWerx Wagga is part of the PoolWerx Franchise Network, a leading Australian-owned pool and spa care network with over 200 active franchise territories comprising of locally owned and operated retail outlets and mobile vans across Australia and New Zealand.
