

Riverina Chemical Supplies owners husband and wife team Brad and Lisa Callaghan in front of their business premises at Unit 1/56 Dobney Ave, Wagga.

## Clean up with quality and advice at the right price

RIVERINA Chemicals in Dobney Avenue Wagga is a locally owned business which stocks a host of professional quality cleaning equipment, solutions and chemicals which are available at value for money prices.

Owned and operated by Wagga husband and wife team Brad and Lisa Callaghan, Riverina Chemicals not only supplies a wide range of products and the best equipment and accessories to businesses and corporations across the Riverina, but their full stock is also available to the public.

No purchase is too big or too small – Brad and Lisa have a host of specialty cleaning equipment on display in their showroom and every item in the warehouse is available across the counter.

You'll find everything from the humble replacement mop heads and cleaning cloths on display all the way through to top of the line industrial cleaning machinery.

Riverina Chemicals have a full range of the best cleaning equipment – including backpack vacuums, polishers, carpet extractors and steam cleaners.

Brad and Lisa insist on stocking only the best equipment, and their

range includes the proven Pullman, Kerrick, Nilfisk-Alto, Tennant and Pacvac cleaning machinery.

"Our aim is to provide great products, good prices and brilliant service," Brad said.

"Simply phone, fax or email your order through."

"If you are looking for cleaning products for the home or business we are here for you.

"We have dish wash liquids, laundry powders or liquids, air fresheners, truck wash, disinfectants, liquid hand soaps, body wash, floor polishers and strippers, methylated spirits, caustic soda, garbage bags, paper towel, toilet paper and heaps more."

Riverina chemicals are distributors of Agar Chemicals, Peerless JAL, Advance Chemicals, Castle Chemicals, Oil Chem Chemicals and Sabco & Oates janitorial products.

Warehouse and despatch manager Rod Sheedy keeps the shelves stocked and he can also repair and maintain a host of cleaning machinery.

An expert in the full range or products and equipment stock by Riverina Chemicals, marketing manager ventures out to different regions of the Riverina each week.

## Serious sweeper in a tight spot

AVAILABLE now from Riverina Chemicals is the Tennant S10 Industrial Floor Sweeper.

The S10 can sweep tight and open spaces in the harshest environments

The walk-behind sweeper is built for exceptional performance, durability and dust control.

The S10 has one of the largest hoppers in any walk-behind floor sweeper, which

increases cleaning run times.

The S10 can protect employees and facilities from potentially harmful dust by capturing dust particles as small as 3 microns

The S10's two powerful large batteries operate fume free for long running performance for up to three continuous hours

Variable forward and reverse motions provide easy manoeuvrability for the operator.

Tennant's S10 Industrial Floor Sweeper is a heavy duty, battery-powered walk-behind sweeper that cleans harsh industrial environments.
