

Summit Discount Pharmacy Wagga

Expert team at your service seven days a week

WAGGA's award-winning Summit Discount Pharmacy offers a comprehensive pharmaceutical service seven days a week.

In a central location next to Medicare at 46-52 Baylis St, they offer an extensive range at everyday discount prices thanks to the buying power of the Summit Pharmacy Group.

Retail manager Sharon Wiscombe said a recent renovation which doubled the size of the pharmacy allowed it to present an even greater range of products as well as a host of professional services in the one convenient location.

As well as the Baylis St entrance, the pharmacy is also accessible from Tongaboo Lane and there is plenty of two hour off street parking behind The Piazza Centre in the old Franklins car park.

The pharmacy also

has Naturopathic Herbalist John Taylor on site four days a week who consults from the privacy of the Wellness Room.

Mr Taylor can assist with general health, detoxification, weight loss and fertility support as well as iridology, Hemaview TM (live blood analysis) and functional pathology testing.

Summit Discount Pharmacy's on site Compounding Laboratory can change or create medications specific to your individual needs.

Under the expert supervision of Managing Pharmacist Pamela Cochrane and Pharmacist Julie O'Hara, the laboratory can formulate your medications as tablets, capsules, creams, syrup or a suppository.

The laboratory also caters for customers with allergies or sensitivities to a host of additives.

Summit Discount Pharmacy employs a friendly team of 17 staff and each of them is an expert in their field.
