

# SWITCH TO SOLAR

Riverina Complete Solar owner Mike Culgan, pictured with his son Caelan, is passionate about helping to save the planet by meeting his customers' specific solar energy needs.

## Locally owned supplier and installer you can trust

## Servicing the Riverina

AT Riverina Complete Solar, they are passionate about helping you understand how you can really save on your energy costs, and minimise your carbon footprints.

Owner Mike Culgan has helped many people in the Riverina to get a solar panel

system or solar hot water into their homes for a fraction of the price they expected.

He's passionate about saving the planet and you can be too.

Save the planet and help yourself at the same time.

Get into energy

saving today!

Talk to the Riverina Complete Solar Team today about the range of solar products that can save energy and save you time and money.

Whether you live in Griffith, Wagga Wagga, Tumut, West Wyalong, it doesn't matter – Riverina

Complete Solar can install energy saving products for you and ensure that you get what you want when you want it.

They only use quality products that have a proven reputation for excellence both on the domestic and international markets.

Riverina Complete Solar aims to provide you with a solution for your energy consumption, yet at the same time provide you with a product that meets its warranty expectations.

They have a range of solar energy equipment to help you save money in your home, including:

- Solar electricity;
- Solar hot water;
- Instantaneous hot water;
- Energy efficient products;
- Off Grid Solar; and
- Electricity systems.

Planet Power Riverina Sales and Marketing Manager Chris Hawe, Sales staff member Simon Playfair and Sales Representative Brent Hawe in the Wagga showroom at 2 Blake St.

PLANET Power's Riverina store at 2 Blake St Wagga first opened its doors in August 2010

The business is owned by Craig Burmeister, who is an electrician with more than 25 years' experience.

Planet Power Riverina specialise in reducing house hold and business power costs through offering a diverse range of products suited to reducing energy consumption in the home and business.

Save dollars and

slash your power costs with a grid connect solar system.

Planet Power Riverina offers a full range of high quality Solarland power packages with proven reliability, secure supply lines and fully qualified installation teams.

Their in-store professionals are able to design and arrange installation of the right residential solar power system for your needs.

Using the Sun's energy to heat water will save you energy, lower your hot water bills and

reduce greenhouse pollution.

Solar Hot Water systems work effectively throughout Australia.

Planet Power Riverina offers a range of solar hot water products using the latest technology and will work with you to identify the best solution for you.

They can also work with you to help create the right level of comfort in your own home with comprehensive range of energy-efficient air-conditioners, gas heating and insulation products.
