HOMEBASE,  
HAMMOND AVENUE

# TURBO TUCKER

## Quality fast food at Turbo Tucker

EXPERIENCED chef Christine Smith has opened Turbo Tucker near the Homebase centre and is selling quality food at the right price.

The takeaway store, which reopened under the Turbo Tucker name in March, is catering for tradies and office staff.

With an emphasis on speed – while not compromising on quality – people can come in and grab “the best coffee in Wagga”, a bacon and egg roll from 7am to 3pm Monday to Friday.

Turbo's Tucker is also open 8am to midday on Saturdays.

“We've called it Turbo Tucker because our food is good and our service is fast,” Christine said.

“We are encouraging tradies and office workers, when they're out at the Homebase, to do a U-turn and come and give us a try.”

Christine emphasised the fact Turbo Tucker never turns the grills or hot plates off.

“If you turn up at five-to-three, you'll still be able to get a steak sandwich,” she said.

As well as the traditional takeaway fast food, steak sandwiches and hamburgers, the cafe also sells freshly made sandwiches and rolls, a special of

the day and also a pasta of the day.

Turbo Tucker will also have a traditional roast every Friday.

One of the keys to the cafe's success is the team of five reliable staff who pride themselves on food presentation and service.
