

THE Riverina's newest state-of-the-art Dental Clinic will soon be opening its doors at 316 Edward St, Wagga.

The Clinic's Principals are Dentists Dr Hossam El Sanabary and Dr Ahmed Ghazy, both of whom have served the Wagga community for some years.

Both Dentists studied at the prestigious Faculty of Dentistry of the Ain Shams University in Cairo, Egypt.

The Dentists each completed a Bachelor of Oral Medicine and Dental Surgery with Honors Degree – Dr El Sanabary graduating in 2000 and Dr Ghazy in 2003.

Dr El Sanabary and Dr Ghazy migrated to Australia in 2006 and decided to call Wagga home.

"We had both moved from the bustling big city of Cairo to a smaller country town," Dr Ghazy says.

"We immediately enjoyed living in Wagga it was a great pleasure to be part of its community.

"We both had a dream to start together a new business and be involved more in serving the people of Wagga and surrounding areas."

The Dentists brought the fruits of extensive experience in their former home country when they came to Wagga.

"We've had a long experience in both public and private

practices in Egypt and we have had a local experience for more than seven years now in Wagga in a private Practice," Dr Ahmed says.

"We have been both big players in that Practice's growth and that has enriched our skills and expertise in dental and patient care."

The builders and technicians have been working overtime at Edward St and Dr El Sanabary says iSmile will be taking bookings before Christmas and will also be providing an after hours on call emergency service on weekend and all Christmas public holidays.

"The Clinic will be offering various forms of high standard treatments in a relaxing caring environment using the latest technologies the dental industry has on offer," Dr El Sanabary said.

"We have employed qualified, well trained, experienced and caring staff and the iSmile Team are excited to welcome you our the Practice."

The iSmile team Janice Scadden Dr Hossam El Sanabary, Dr Ahmed Ghazy, Katherine Peacock and Kathryn Simmonds in one of the operating rooms of the new Clinic at 316 Edward St Wagga.
