MIGHTY HELPFUL® MITRE 10

Celebrating 30 years

THIS Saturday, Goulburn Produce will open its doors to the public as the team celebrates the Mitre 10 relaunch in conjunction with the 30th anniversary of the Maas family establishing Goulburn Produce and Rural Supplies up the street and around the corner in the old PDS.

The day will involve activities for the kids with face painting, a sausage sizzle, an appearance from the Dulux Dog and prizes to be won.

Adults can enjoy the day with one-day-only in store specials. As well as the monthly catalogue sales.

There will be lucky door prizes and the chance for customers to win an outdoor setting or other prizes from Dulux or gift vouchers and more.

Eagle FM will also be recording live on-air at the event, which will run from 10am to 2pm.

Come and enjoy the day and learn tips of the trade from those who know best, with the experienced staff at Goulburn Produce there to lend a hand throughout the day.

Frank Scarfone who has over 40 years hardware experience has been leading the way with the setup of the new look Mitre 10 store.

He started his career with his family's business in Stanmore then worked for BBC Hardware before becoming store manager at Mitre 10, Narellan.

Frank travels down to Goulburn everyday from the outer metropolis bringing with him a wealth of knowledge and experience. Frank is looking forward to meeting as many Goulburn folk as possible. He shares the responsibilities of running the hardware side of the business.

EXPERIENCED: Frank Scarfone, who joined the Goulburn Produce Mitre 10 team in July busy setting up the store for its rebranding and relaunch of the hardware chain here on Saturday with (inset) Ian Maher a long time staff member who is currently on leave.
