# Colleen's for your total breast care

COLLEEN'S offers practical specialist advice, backed with professional training and years of experience - a combination of skills that is difficult to find in other outlets.

Primarily chosen for women after breast surgery, our collection is equally suitable for women who have difficulty finding the "right" bra for whatever reason.

Our unique range of pretty lingerie, selected from leading brands worldwide, is chosen for comfort, elegance and perfect fit.

Colleen's stocks many different brands of bras and swimwear as well as prosthetics, head wear and wigs for ladies undergoing treatment. Everything you need in a comfortable, warm and friendly environment. We also cater for ladies with a fuller cup and for those who find it more comfortable to wear a front opening bra. "It is our aim to offer ladies choices in products.

Therefore we source our products from many different manufacturers. Ladies can

choose between the most economical or the most technically advanced products. The important thing is that you are fitted correctly and that you are offered choices.

At Colleen's all products are sold at recommended retail price and senior discounts are available with cash sales. We DO NOT charge a consultation fee.

"You are always welcome to come and browse and meet the staff at Colleen's but if you need a fitting we ask you to make a

booking."

Please telephone Colleen's on 6285 1311. Staff at Colleen's undergo many months of extensive training under the guidance of Colleen.

Unfortunately, the fitting of breast care products is an unregulated industry so it is important for you to do your research and know that the person fitting you has the necessary, skills, and expertise that can hardly be obtained without extensive training.

Our store is open each week day from 9.30am - 4.30pm.
