### Warning to Spectators

Motor racing is dangerous and accidents causing death, bodily injury, disability and property damage can happen!

The suggested spectator points were designed to provide you with access to view the competitors in action and for this to happen safely for you, your fellow spectators, the event officials and competitors.

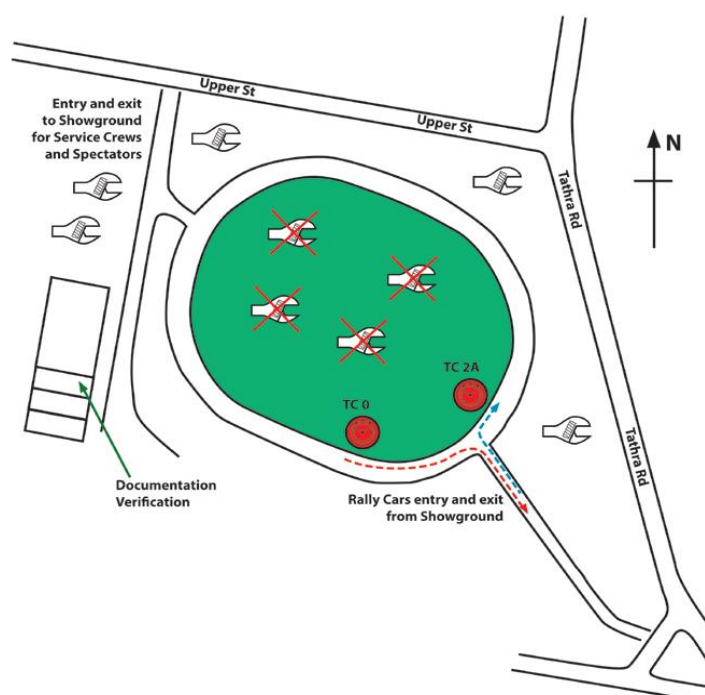

There are several strict rules you must observe.

1. Do **NOT** stand on the roads used by the competitors as part of the course or as a possible escape route.
2. Do **NOT** ignore the requests of any event officials regarding your safety or the parking of your cars. Should this warning **NOT** be heeded and the safety of any party is in doubt then the organisers will stop competitors from starting the stage and you may be asked to leave the area. If necessary, your actions may be reported to the Police.
3. This rally is only possible due to the co-operation of local authorities, Forest Corporation of NSW, the NSW Police and we ask that you drive to and from the spectator points in a responsible manner displaying courtesy to other road users; Remove any litter that you may have carried to the spectator areas.
