

Secure self-storage for North Nowra community

LOCAL builders Ron and Kim Pearce have opened a new self-storage facility at 5 Geary Place, North Nowra.

As North Nowra residents of more than 30 years, Ron and Kim have observed the significant growth in the number of residents, home-based businesses and tradesmen moving into the area.

With them came the need for a self-storage facility based in North Nowra to provide the local community with a

convenient place to store their furniture, documents, sporting gear, tools and equipment and other items that clutter homes, garages and workplaces.

The significant increase in traffic congestion, particularly on the Princes Highway during peak hours and on school holidays, has also led to more people in North Nowra looking for somewhere close by to store their gear.

In 2004, Ron and Kim purchased the

block of land in Geary Place and obtained council approval for the 63-unit storage facility earlier this year.

This brand new facility built by Pearce and Percy Constructions is now open for business, providing tenants with secured access to their storage units from 6am to 9pm, seven days per week.

To celebrate the opening, Ron is offering one lucky person the chance of winning the fabulous prize of 12 months of free

storage in a 5.6 by 2.7m unit.

This must be used by December 31, 2014 (competition registration number LTPS/13/06476).

To be in the draw, you must register at the site on the second week in November, Friday 8 (12noon to 6pm) or Saturday 9 (10am to 3pm) or Sunday (10am to 3pm).

For more information call 4422 6735 or visit www.northnowraselfstorage.com.au
