

Spring Bride ...

A table setting at a wedding held recently at The Douglas Centre.

Celebrate your big day at The Douglas Centre

SOUTHERN Stones Bar and Rockgrill is set to become renowned for more than its extremely popular restaurant as it introduces its new function space, The Douglas Centre.

Located just minutes from Nowra's CBD, The Douglas Centre is the perfect spot for weddings or anything in between.

Manager Janine Paton said, "The renovation came out of a need to expand and keep up with demand, but Nowra also needed a function space close to town."

The site also boasts a luxurious bridal suite and a 30-room, four star motel, perfect for keeping all your travelling guests together under one umbrella.

Having already hosted several

successful weddings, catering from high end weddings with all the trimmings to intimate low key events, the reviews have been highly rated.

"I simply look at the customers' needs and budgets to deliver the day of their dreams," Janine said.

"We host many functions from business seminars, birthdays, dinners, luncheons, Christmas parties – basically any event that calls for a private space. With a wide variety of menus on offer it makes it easier to tailor a package that everyone is happy with."

With over 30 years' combined industry experience, The Douglas Centre is set to be just as popular as the now famous Southern Stones Bar and Rockgrill.
