ISSUE.

Request by Detective Sargeant Peter FOX for a copy of Ombudsman's Report regarding James FLETCHER.

BACKGROUND.

During 2002 I made contact with the State Ombudsman's Office in relation to a sexual assault upon a child (Now adult) AH by a member of the Catholic Church, priest James Patrick FLETCHER. Up until this point no other person had reported the matter to the Ombudsman & I would therefore be classified as 'the complainant'. Additionally I later provided numerous statements, reports & other documents to assist the Ombudsman's Office with any investigations into this matter.

COMMENT.

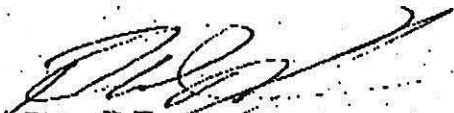

On the 23rd of April 2004 I was inadvertently told by a third party that the Ombudsman's Office had completed their investigation, finalised the report & forwarded a copy to the Catholic Church. I spoke to members of the AH family who were just as surprised as myself that we (As the complainants) has not received a copy of the report, nor had we been notified that the investigation had been completed.

I then spoke to Ann BARWICK of the Ombudsman's Office who confirmed that the investigation was finalised & the final report completed. I was also told that a copy had been provided to the Catholic Church.

As the complainant I am formally requesting a copy of the Ombudsman's Report & any recommendations resulting from the investigation of the Catholic Church's handling of the FLETCHER matter.

RECOMMENDATION.

Perhaps this file might now be forwarded to the Ombudsman's Office of a copy of the requested report.
