Subject Re: Fw: Fr James Fletcher BOE

Norm,

I have now being directed to stand down & NOT to review this information by our Crime Manager. The bases for this is that a review would be irrelevant. I respectfully differ with this view but acknowledge the clear direction from my Boss. Regarding the information contained in the Fr FLETCHER investigation by D/C/Insp. FOX, this would reveal hinderance / aid & abet offences committed by the present Bishop Malone & other Priests.

I apologise for seeking that you get the FLETCHER records.

I would ask that you please print this email and place this inside/with the FLETCHER brief to acknowledge movement & reasons for the movement of these records.

I dare suspect that in the future, the FLETCHER records may be reviewed by an independant inquiry.

Thank agains,

Hi Shaun.

I have located the box of case file items in regard to this matter. The items consists of numerous loose leaf plastic sleeves of statements and envelopes with photo's etc etc. There is no defined brief within the box.

Can I suggest that you come up here to Maitland and copy what you need out of the box and then you will know exactly what you have.

I generally work from Monday to Thursday. Give me a ring and we will go from there.

SubjectFr James Fletcher BOE

Norm,

I have spoken to D/C/Insp Fox in relation to his investigation of Fr James Fletcher.
D/C/Inps Fox has given his authority for the release of a copy to myself of this BOE.
I seek that a complete copy be made (including any notes within the brief box) of the Fr James Fletcher BOE.

Upon completion of this coping process, I wish to be contacted so that I can attend and obtain the copy of this BOE.

cc. D/C/Insp Fox Port Stephens LAC FYI & record.
