

20/3/93 Bishop's House. "Laird" 2<sup>nd</sup>  
10.30 am

Saw M<sup>c</sup>Alinden:

told him it is being alleged  
that he was seen wearing crosses.  
He denies this + agreed that he  
won't ever do so.

I told him he is alleged to have  
stated he was coming back in 9  
months time. Once again a denial  
He said if he was to a heart  
operation he would need to come back  
to Anor for that because of his  
private health insurance !!

I told him he shouldn't go to  
URIS place here because of the  
AL/AK He denied vehemently that  
he had ever interfered with AL + AK.

I told him to seek help from  
the servants of the Paraclete in London.  
He said he would take this up  
I also reminded him his

~~promise~~  
not to dress/act as a priest  
in the public forum.

He promised to let me know  
the name of the Diocesan Bishop  
in England + the name of his  
Spiri Div.

His sister in England does  
not know why he is  
retired. She thinks it's because  
of his age + health.

He leaves Singapore Airlines  
Tuesday p.m. 23<sup>rd</sup> March
