Annual Heating Expo

this Saturday

Great deals on wood & gas heaters...and more!

CHECK out the Annual Heating Expo this Saturday at Heating Centre Riverina @ Barbeques Galore on the corner of Pearson Street and Edward Street for great deals on wood and gas heaters.

With up to 70 wood and gas heaters on display – the biggest range outside Sydney, Melbourne and Canberra – the choice is awesome.

Plus, given most modern wood heaters don't emit smoke – and that competitively priced firewood is available at the store – and you are looking at a safe, effective and economical source of heating the whole winter through, while providing a focal point in the home around which your family can gather.

Trading now for 35 years, Gary Gurtner at Barbeques Galore Wagga is the longest-serving Barbeques Galore licensee in the country, with the Wagga store being only the second Barbeques Galore to open in Australia.

A family business, Barbeques Galore Wagga owes its success to high levels of family involvement, with Gary's wife Robyn, daughter Virginia, son Dallas, and youngest daughter Prue's partner David all performing integral roles in the business. But considering all employees have worked at the store for over 10 years, Gary feels that all members of staff are like family! This continuity of service also ensures top-notch customer service, as Barbeques Galore Wagga staff have complete familiarity and expertise with their wide range of products.

Barbecues, heaters...and much much more!

Although Barbeques Galore is known for its fabulous range of barbecues and wood and gas heaters, the store has even more to offer. With its great selection of accessories including cooking and roasting equipment, cookbooks and sauces, fuel, beach and picnic ware, cleaning and maintenance gear and tools and toolsets, Barbeques Galore is your one-stop shop.

Gary and staff at Barbeques Galore also stock an inspiring range of simple, elegant and comfortable wicker, timber or aluminium outdoor furniture including table settings, umbrellas, lounges, sunlounges, swings, storage and outdoor rugs.

Combine this with the massive range of customised spare parts for the full range of barbecues, plus homewares, gift solutions, and camping gear and accessories at Bidgee Camping @ Barbeques Galore, and you've got an idea of the huge scope of the store. But why not come in for yourself to check out all that Barbeques Galore has to offer!

HEART OF THE HOME: (left) Gas and wood heaters plus homewares and gift lines allow you to create the complete cosy atmosphere. (middle) Check out the operating wood and gas heaters for yourself at Barbeques Galore! (right) Heating Manager Dallas Gurtner in the brand-new heating showroom at Barbeques Galore Wagga. With up to 70 wood and gas heaters on display, the choice is awesome!
