

Bathurst 200 Living Legends Nomination Form

Here is your chance to be recognised for your contribution, or nominate others to be acknowledged

Message from the Mayor & Bathurst Regional Councillors:

The search is on for Bathurst's Living Legends. There are many individuals in the Bathurst community who have contributed to the great city in which we live. Here is our chance to recognise them as Living Legends during the Bicentenary.

The title, Living Legend, recognises the achievements of individuals and the way they have contributed positively to the local community. They could be proven leaders amongst their peers. They possess a drive to promote the positive qualities of council, the community and local businesses.

An individual will be considered for the Living Legend list if they currently live within the Bathurst Regional Council area. For many years they will have contributed to making Bathurst a great place to live and visit. We would expect that they possess a drive to promote the positive qualities of our City, its people and experiences.

Successful applicants will be published to honour our 200 years Proclaimed as a town. They will be acknowledged during a community ceremony.

Nominate the Living Legends and thank them for their contribution to the City in which we live!

Let's celebrate together in 2015!

I look forward to your application, and thank you for being involved.
