

# PETITION TO RETAIN AEROMEDICAL SERVICES AT ALBION PARK

To the Honourable Speaker and Members of the Legislative Assembly of New South Wales Parliament.

The Petition of local Illawarra and South Coast residents of New South Wales brings to the attention of the House the community's desire to retain aeromedical services operating out of Albion Park in order to ensure speedy response times to accident, injury and misadventure in our district.

The undersigned petitioners therefore call of the New South Wales Government to reject the recommendation by Ernst & Young in their independent report to remove aeromedical services from Albion Park.
