ARE THERE SHUTTLE BUSES AT THE EVENT?

Yes, refer to map

HOW DO I KNOW IF I'M RIGHT TO DRIVE NEXT MORNING?

It can take a lot longer than you think to get back below 0.05. It takes time for your liver to take the alcohol out of your system, and you can't speed this up with food, water or coffee.

Make an informed decision about whether you're okay to drive – free breath testing stations are operating on Sunday morning. Remember L and P plate drivers must have zero Blood Alcohol Concentration. Mobile RBT means you need a Plan B.

HOW DO I LAST ALL NIGHT?

- plan to eat
- chill out & drink water
- don't speed up for a shout – pace yourself
- don't do shots

HOW DO I GET INFORMATION ON THE NIGHT?

Santa's Helpers can answer questions about food, transport, directions to other venues, breath testing and chill out options.
